

# EXPRESSO'S PROFESSIONAL Milk Crate Hand Truck

## DESIGNED JUST FOR AUSTRALIAN MILK CRATES

The EXPRESSO milk hand truck lets you pick up and release milk crates in record time without a struggle. The secret is its special hooks, which make the job of moving milk crates much faster than with a foot plate and let you turn on a pin in the smallest of cool rooms.

Our branded products – made in Germany – offer the safety, quality, and precise work-manship you need for your professional transport tasks.

Elliptical aluminum frame, weight saving and reinforced in the direction of strain. Durable weld-free frame.

EXPRESSO's ergonomic Dog Ear Handles provide a secure grip and an optimum control. Knuckle guards protect your hands from injury.

Optional puncture-proof wheels (AIRLEX): All EXPRESSO wheels are dust proof and maintenance free.

The rear support skids make kerbs and steps easy to negotiate while protecting fragile loads.
